Next Monday - County Court Day

Mrs. T. J. Hinton has returned to Prattville, Ala., after a week's visit with her daughter, Mrs. H. F. Sladd, who accompanied her home for a month's stay.

TO VOTERS OF CALLOWAY COUNTY.

TO THE VOTERS OF CALLOWAY COUNTY:

I understand there are a few political enemies over the county that are trying to prejudice the minds of the voters by telling the people that if I am elected I will favor the enactment of certain laws favoring my profession, that would be detrimental to the farmers. I want to state through the paper, also on the stump, that I have no selfish motive in this race; there isn't a bill that I care to introduce, or would support in regard to voluntary medicine.

I am sure the people who know me will pay no attention to last minute campaign propaganda.

Respectfully,
D. H. SIRESS

Just as well come to Murray next Monday and spend the entire day. People from many counties will be here. Come in, hear the candidates speak and meet your friends.

J. M. Sexton, father of J. D. and Bert Sexton, celebrated his 90th birthday last Friday, July 15, at the home of J. D. Sexton. Twenty eight relatives were present.

Candidate for Circuit Judge, Frank Rives, will speak at Murray next Monday, at the court house. The hour has not yet been announced.

Mr. and Mrs. Marvin Fulton, Mesdames Mike Overbey, Jr., Mary O'Keel and Jesse Wallis motored to Paducah Tuesday and spent the day.

Mrs. R. M. Risenhoover was in Paris the first of the week.

KEY LANGSTON CONSTRUCTION CO.

The Key Langston Construction Co., which has been making rapid progress and has a very full calendar for the remainder of the year.

The new auditorium of the Murray Teachers College, to be one of the largest and grandest structures of its kind in the state, will have a seating capacity of more than ten thousand, with a stage measuring 90x50 ft. A large crew of masons are now at work and the building will be completed about Aug. 1.

The Tupelo, Miss., high school will be ready for occupancy in October. Eighty men are employed in its erection. The brick work will be completed in ten days. This company is preparing estimates on a \$150,000 high school at Corinth, Miss., a \$125,000 addition to the college at Blue Mountain, Miss., and \$125,000 armory building at Hopkinsville, Ky.

Mr. Key was in Tupelo, Miss., the past week looking after work; Mr. Langston will be in that state this week in the interest of the new contracts.

SPECIAL REGISTRATION SATURDAY

A special registration for voters who were prevented from registering last October, will be held Saturday of this week, at the court house from 6 a. m. to 9 p. m.

It is for the benefit of those who have become ill or will be of age before the date of the November election, or who were detained by illness, death, or were out of town on the date of the last registration.

Some very important offices are to be filled and it is the duty of every citizen to qualify himself for voting.

Mrs. Mary Ann Lee celebrated her 97th birthday last Sunday at the home of her daughter, Mrs. Rhoda Mahan, of the Taylor Hill community. Many relatives and friends enjoyed the tempting dinner served on the lawn. Mrs. Lee is the widow of William David Lee, a pioneer Methodist minister, who was widely known in Calloway. He assisted in organizing many of the churches of the county. Mrs. Lee is still very active and interested in the happenings of the day.

Mr. Roy Holcomb and Miss Frances Holcomb of Centerville, Ill., are the guests of their sister, Mrs. Cecil Thurmond, of Olive St. They came by motor, and were accompanied by Miss Lorene Hittinghouse. The Holcombs formerly resided in Murray and have many friends here.

JOHN T. KING A CANDIDATE

John T. King, former County Attorney, is one of the ablest young attorneys of the entire section, has entered the contest for Commonwealth's Attorney in the Third Judicial district, which is composed of the counties of Calloway, Christian, Lyon and Trigg.

Mr. King makes his announcement subject to the action of the Democratic party, as expressed at the primary the 6th of August.

JOHN T. KING

The Calloway Record, his home county paper, has the following to say regarding Mr. King's candidacy:

For two years past, Mr. King has been urged by a large number of friends to enter the contest. Because of the desire of other citizens of the county to aspire to district position, he announced some weeks ago that he would not become a candidate. Since that time conditions have changed in the district, and Trigg now having no candidate for district office, Mr. King has yielded to the earnest solicitation of friends at home and many from other counties, and enters the contest.

Few men in all this section possess more superior qualifications than Mr. King for this important position.

A lawyer of ability, a speaker with few equals, he is ideally equipped for just such a position. For eight years, he was County Attorney of Trigg county, voluntarily retiring from this position at the end of his second term the first of January, 1926. Since that time he has devoted his time to the practice of his profession, and he now enjoys a practice second to none of the members of the local bar.

Possessing an easy manner and with superior ability as a speaker, Mr. King is sure to prove a popular candidate among all the people. The support that has been assured him from all the counties of the district makes his prospects look bright, even this early in the contest.

He plans to enter actively into the fight and hopes to see the people in person by the date of the primary and present his claims to them.

It is thought with the fight in the primary and secondary at the final election in November, he will soon make rank among the ablest prosecutors in the entire state, and is sure to make an official of whom all the people of the district will be proud.

Ten Citizens File For City Council

Ten names have been filed as candidates for City Councilmen, embraced in one group are the names of H. C. Broach, O. T. Hale, Ed Filbeck, Tremont Beale and Dr. W. H. Graves. In the other group are the names of J. G. Glasgow, J. W. Wale, J. K. Farmer, H. B. Bailey and E. J. Beale.

These ten names will appear on the ballot to the primary to be held August 6, each date as the county and state primaries. Messrs. Wale, Farmer, Bailey, E. J. Beale and Dr. Graves are members of the present board.

FARM BUREAU NOTES

much has been said about co-operatives in the past few years, yet the farmers have not seen the full possibilities awaiting them.

True, they respond in many sections to the call for concerted action.

The Fruit Growers Association, Wheat Pool, Wool Growers Association, Strawberry Association, and others of a similar nature, represent quite a few of the farmers in the various sections of the country, and they have all been benefited by these organizations, but the American Farm Bureau Federation is the largest and most widely known organization for the farmer, ever yet organized.

The Calloway County Farm Bureau is a part of this organization, and names are being added every few days to the already growing number enrolled in this county. Quite a few people have been benefited by the exchange of farm products as well as the sale of the same this year, thru the Farm Bureau.

Through the Calloway County Farm Bureau and the Calloway County Poultry Association, have been handled more than Fifty Thousand dollars worth of feeds, seeds, poultry and eggs, as well as wool, since January the first.

If there ever was a time when the farmers needed co-operation, it is now. We ought to get together once in a while to discuss better Farm Economy in its various phases. One thing to be considered at a meeting of the farmers, very soon, is that of conserving the quality of the eggs produced on the farm. Watch the paper for a call to a meeting of this kind. If the farmers would get together at their Rural school house once a month and learn about each others needs and place their wants in hands of one man in each vicinity and let him report to the Farm Bureau Mgr., he might be of real service to the various groups in these rural school communities.

Let's Boost the Farm Bureau, and the best way to Boost, is to be a Member. So if you have not paid a dollar to this membership this year, let's do it now, and get some one else to do so, and see what happens.

If every man on the farm would produce enough to feed himself and a surplus to sell to feed others, and sell it co-operatively, he would undoubtedly be a Success and Not a Failure. Try it and see. The world needs all you can produce, and you are entitled to a "living" for the efforts you put forth, if you do Your Best. A Member.

CLEAN MIND—A HERO

A young man 25 years old, and not so many years away from his father's farm, jumped from America to Europe in an aeroplane.

He started with a desire to see Europe, some letters of introduction, because he feared no one might know him and a leave of absence from his job in the Post Office Department where he was captain of air mail fliers. Literally millions of people in Europe welcomed him, and his native land went mad over his return as a colonel loaded down with decorations from kings, princes and statesmen of many lands.

Not what Lindbergh did, but his modesty and self-effacement, his personality and the train of high ideals he seems to have started everywhere that brought him such universal recognition as no other man has received in America.

It is doubtful if he thinks he has done anything very wonderful, as he points out two English men flew from England to Canada before him. Just after he landed in Europe, two other American flew from New York

to Germany.

Those gentlemen who govern the fate of the moving picture world, electric platform and the entertainment circuits found it impossible to understand a young man who could calmly refuse millions by commercializing his trip although a noted Christian preacher had advised "that Lindbergh cash in while he has the opportunity," but the rest of America seems to understand pretty well this boy from the farm. The fact that he does not drink, has no vices and does not even know how to dance has not prevented the large cities from being glad to entertain him.—Farmers Home Journal.

WHO IS BEST SINGER?

Philadelphia people through State and National Singing Contests, expect to locate the two best singers in the nation, and reward them with \$5,000 apiece in cash and two year's at an American conservatory. Other prizes for those not quite as good will range from \$2,500 in cash to \$2,000 and a year's musical education. The plans will be carried out under the Walter Kent Foundation and millions of radio fans will take part in choosing the singers.

ABOUT TYPHOID FEVER

The Surgeon General of the United States Public Health Service has recently issued a warning urging parents to have their children—and themselves too, if they have not already had typhoid fever—inoculated. This inoculation is harmless, inexpensive and an almost sure preventive of typhoid fever.

In Kentucky more money is spent caring for the 16,000 people who have the disease each year, and from the loss of between 800 to 900 of our citizens from its ravages, than we spend for public education.

The State Board of Health states that reports coming to them from every county in the state indicate an average of about 20 per cent increase over the usual typhoid fever rate at this season of the year and they are urging everyone to see their family physician and be protected against this disease.

With the co-operation of parents all over the state, first, in the inoculation of young people against typhoid fever, and, afterwards through more thorough protection of their drinking water supply, and with improved toilets that will be water and fly proof, Kentucky can be rid of this disease.

As several cases of fever have developed in Calloway, the above advice is very timely.

Red Cross Acknowledges Contribution

O. T. Hale & Son,
Murray, Ky.
My dear Sirs:

The contribution forwarded by you arrived in due time and was sent to one of our concentration camps in the flooded area, with instructions to the Red Cross agent in charge to see that the various articles be distributed to those in need of the particular commodity.

Knowing very well the skill and intelligence of the agent there, we feel very sure in telling you that the things you sent has been received by some flood sufferer whose sole possession is perhaps his donation from you.

In all probability, you will never hear from the recipient, but we are sure that your contribution will in addition to bringing some bit of happiness to them, also be the "casting of bread upon the waters" to you.

Please accept our sincere thanks for what you have done for us and for them.

Sincerely yours,
Charles P. Doe,

Dreaded Aches, PAINS Disappeared

"My health had been poor for ten years, before I took Cardui," says Mrs. Anna Cronin, of Rockport, Ind. "I was listless and 'no account'. I dragged around day after day, every move an effort, and never feeling the joy of being well."

"At times I had a dreadful ache across my back, and my sides hurt me. I worried along, sometimes hardly able to leave my bed, but the demands of a growing family had to be attended to, so I would get up, do what was absolutely necessary, and then lie down again."

"One day, someone suggested Cardui to me. I took it for several months, and all the time I was growing stronger, and less nervous. My aches and pains finally disappeared."

"That was two years ago. My improvement has been permanent. The good health, which followed the taking of Cardui, is still with me, so I do not hesitate to recommend it to my friends."

CANDIDATE FOR

CIRCUIT JUDGE

Third Judicial District, composed of Calloway, Christian, Trigg and Lyon Counties

Wants Your Vote--
Appreciates Your Support
Democratic Primary, Saturday Aug. 6, 1927

D. M. FREELAND ISSUES CARD TO VOTERS OF CALLOWAY

TO THE VOTERS:—My opponent and I are the only candidates for Circuit Court Clerk. My opponent is a nice gentleman; I haven't anything to say against him, but he has had the office for six long years and has drawn about \$10,000.00 in that time. It looks like that ought to be enough for a single office to pay any one man for clerk.

There are at least 1,000 young men and women in the county who are qualified in every respect to discharge the duties of circuit court clerk. In that 1,000, the voters can only have the pleasure of giving the office to five of them in a life time; if you elect one, you also sacrifice one. It may be your own son, daughter, grand child, uncle, aunt, cousin, or yourself. I know I am qualified to discharge every duty of the office after a few days of experience. There is not much work to the office, only a few hours per day outside of court weeks, which of course require more time, and is not regarded an office of much importance; it has nothing to do with your roads, the amount of taxes you pay, not even the enforcement of any law; nothing but keep the records of the court in a careful way. It is a good schooling, like going to college for six years, associating with lawyers and judges, some of the best cultured men of the county.

I was one of the unfortunate soldiers in the World War. This is not a qualification for the office and I am not offering it as one; you consider it, and if you can help me on it, I will appreciate it.

I have tried diligently to see you since I announced. There were about three weeks that I was kept out of the candidate field on account of rain. I know how to sympathize with you, now, I have passed your fields and have seen you plant in the mud, I have seen you cultivate in the mud.

If elected in August, I will conduct the office as God would have it conducted, and in respect to those who have not had the office, before God and man, I will say to those who come in and take the office, I will help you in every way possible to learn the work.

Good people this is our case, take it and consider it; if you can see your way clear to vote for us, we will appreciate it to the depth of our heart.

Very Respectfully Yours,

D. M. FREELAND.

Mr. Wilson was a highly respected man.—Paris Pressian of July 15.

Kentucky farm women do not allow difficulties to turn them from that which they are determined to accomplish. This was demonstrated to a remarkable degree recently when a McLean county woman baffling high water and poor roads, rode a horse three miles, rowed a boat a mile and walked two miles to attend a meeting of Junior Agricultural leaders. This also shows how interested Kentucky farm women are in bettering farm conditions and in any movement that will help their children to the better things to be found on the modern farms today.—Ex.

ELECTRIC COOKERY DEMONSTRATION EVERY AFTERNOON NEXT WEEK

The CLOCK that COOKS

ATTENDANCE PRIZE

Each afternoon there will be a prize given away to some lady attending the demonstration. We are not ready at this time to announce what the prize will be but can assure you that it will be something well worth while.

Special arrangements have been made with the Westinghouse Electric & Manufacturing Company to have a well known Home Economics Instructor conduct a series of Electric Cookery Demonstrations in the Basement of the Methodist Church from 2:00 to 5:00 every afternoon next week.

All the Ladies of Murray and vicinity are invited to attend this wonderful demonstration. You will learn new recipes, new methods, and see for yourself the advantages of Electric Cooking.

Come early and bring your friends.

Remember the time—2:00 to 5:00 every afternoon next week.

A New Service For the Customers of O. T. HALE & SON

Silk hosiery, although built for service and wear, very often have "runners" to come in them. Of course there is less of this in the lines we handle, than any of them, but it sometimes occurs, even in our good brands.

The Service We Have For You, Is Repairing Runners

in any kind of Silk Hose. Bring your Silk Hose to us, freshly laundered, and we will have them repaired for you at small cost.

Our charge is 10¢ for each runner. It makes no difference how long the runner is, but each separate runner is 10¢.

This is a service, and one that we believe our customers will appreciate, and be glad to practice.

THE DEPARTMENT STORE

COMPOUNDING prescriptions is the work of works which should be entrusted only to those well qualified and experienced. There should be no variation whatsoever from the ingredients your physician has prescribed. That has always been our first rule of service to our customers and the policy upon which the success of this store has been built.

This department is in charge of H. P. Wear, who has had over 30 years practice in filling prescriptions and John W. Wear, graduate of Louisville College of Pharmacy. Will appreciate your preference.

Mayfield Boy Drowns

Mayfield, Ky., July 18.—The whole of Mayfield and Graves county was cast in sorrow yesterday afternoon about 2:30 o'clock when Ralph Shelton, 13, son of Mr. and Mrs. Forrest Shelton, and a graduate of Mayfield High school at the commencement in May, being voted by the faculty in secret ballot as "the best all around boy in the school," was drowned while in swimming in the large lake occasioned by the abandoned mine of the Mayfield Clay Company near Pryorsburg on the new highway to Fulton, about four miles south of the city. The news of his accidental drowning spread like wildfire, and within a short time from 800 to 1,200 people were on the scene from this city and surrounding neighborhoods.

Leaving the city in company with Albritton Newton and other friends about 2 o'clock, Ralph joined a number of other friends who had already swum on the scene and were in the water. He plunged off the bank and within five minutes was down for the third time and his friends seeking to recover his body. Shelton is thought to have been seized with cramps immediately after plunging into the water, which was exceedingly cold, according to his companions.

Mrs. C. B. Epton is ill at her home on W. Main St.

All interested parties are asked to assemble at the Forrester graveyard, Friday afternoon, July 29, for the purpose of cleaning the grounds.

Work on the Hosiery Mill is rapidly progressing.

A meeting for the purpose of considering the reorganization of the Woman's Christian Temperance Union in Murray, has been announced for Thursday afternoon, 4 o'clock, at the Methodist church. All the women of the city are urged to be in attendance.

Mrs. Mike Griffin and niece, Mrs. Julia Funk of Hopkinsville, were guests of Mrs. E. S. Duguid, Jr., Tuesday. They motored over. Mrs. Funk is a sister of Attorney James Breathitt, Jr., Democratic candidate for Lieutenant Governor.

Decided interior improvements are to be made at the First Christian church, work to begin this week. A new lighting effect will be produced; the auditorium and large class room adjoining will be partially replastered and entirely redecorated. When completed the rooms will present quite a beautiful appearance. The business apartments have recently undergone a little.

Miss Genevieve Wells is home from an extended visit in the West.

The Murray Consumers' Coal & Ice Co. is building a swimming pool just west of the ice plant. It is said that it will be one of the best in the state. Plans are to have it completed by Aug. 6, when manager, Wal-drop says all successful candidates will be required to take a dip in the fresh water.

The Murray relatives and friends of Mrs. Mary Ann Allen are glad to learn that her loss in the disastrous fire that swept through West Blackton, Ala., last week, was slight. Mrs. Allen owns and operates a furniture and funeral business, and the wreckage of the plate glass front of the structure was the only damage. Mrs. Allen is the daughter of Mrs. Dollie Card and was reared in Murray. She and her mother were recent visitors here.

MORE FOR ROADS

Crowe Plan Provides for Highway Funds Raised by Fairer Method, the Gasoline Tax.

Figures obtained from the motor vehicle departments of adjoining states show that a license on a Ford car costs:

In Kentucky, \$13.57.

In Ohio, \$4.

In Indiana, \$5.

In Illinois, \$8.

A Dodge Car license costs:

In Kentucky, \$17.50.

In Ohio, \$6.

A Packard license costs:

In Kentucky, \$22.21.

In Indiana, \$10.

Kentucky automobile license fees are higher than those of any adjoining states, are higher than those of any state in the union.

ROBERT T. CROWE, of La Grange, candidate for the Democratic nomination for governor, proposes a reduction of motor license taxes.

He advocates retaining the five-cent gasoline tax, which was passed in 1926 as an emergency measure and will automatically return to three cents a gallon in 1928 unless re-enacted by the legislature.

The gasoline tax pays more into the road fund than the motor license tax. Increased use of gasoline will mean still greater increase in the fund from this source.

The cost of collection of the gasoline tax is small; the cost of collection of license taxes higher than those of adjoining states is large and enforcement of the law is difficult.

THOSE WHO PAY the motor license fees in Kentucky now are forced to pay for themselves as well as for those who shirk and "bottle" taxes from other states.

EVERY MOTORIST who uses Kentucky roads helps the road fund through the gasoline tax. The gasoline tax places the burden justly on ALL WHO USE THE ROADS, whether Kentuckians or tourists, whether living near the state border or on the interior, whether willing to share the burden or willing to shirk and bottle.

Mr. Crowe Proposes More For Roads, Less For Collection And Enforcement.

Let all help in sustaining the road fund so that the road-building program can be completed and the agreements of the highway commission with the courts of counties, that have been made and special taxes levied.

Tennessee Agricultural College Tells Farmers 19 Ways in Which to Go Broke

This may cause some folks to think the farmer knows best about his own business and would rather be told how not to go broke, but it is a fact that lots of farmers have been doing just the very thing Tennessee warns them against. The advice is good for Kentucky and all other states.

1. Grow only one crop.
2. Keep no livestock.
3. Regard chickens and a garden as nuisances.
4. Take everything from the soil and return nothing.
5. Don't stop rillies or grow cover crops—let the top soil wash away, then you will have "bot tom" land.
6. Don't plan your farm operations. It's hard work think for—trust to luck.
7. Regard your woodland as you would a coal mine; cut every tree, sell the timber, and wear the cleared land out cultivating it in corn.
8. Hold fast to the idea that the methods of farming employed by your grandfather are good enough for you.
9. Be independent—don't join with your neighbors in any form of co-operation.
10. Mortgage your farm for every dollar it will stand to buy things for which you would have cashed the stock if you followed a good system of farming.

Increase of Aliens

The alien population of the United States was increased by 29,592 during the month of May, according to an analysis of immigration statistics for that month made public this month by Commissioner General of Immigration, Harry E. Hull. The statistics for May, 1927, show a total of 52,718 aliens admitted and 23,126 deported. Of the 52,718 admitted 31,819 were immigrants or new comers and 20,899 were visitors or transients.

Nearly all of the important countries of the world have exhausted their immigration quotas to the United States for the fiscal year 1926-27 and only a few of the minor nations have balances.

Rainey Wells Talks to Mayfield Lions

Mayfield, Ky., July 19.—The Hon. Rainey T. Wells, president of the Murray State Normal, was the chief speaker before the Lions at their luncheon today, and his visit occasioned a large attendance of all the members, with a number of invited guests. Mr. Wells complimented the Mayfield and Graves county students in attendance at the Murray Normal for their fine scholastic records and also praised the Mayfield school system and faculty.
